

## Product Information

### ***Pocket-size RadiTech/Geomack G-Oyster***

To shield yourself against Geopathic Stress and Electro Pollution at home, at work or on the move we have now introduced the first neutraliser you can wear all the time. The G-Oyster is a small disc-shaped version of the RadiTech Neutralisers.

The G-Oyster will protect you - including children - where you sit, rest or sleep; at home, in the office, public buildings including schools and hospitals; in cars, on public transport and airplanes (**prevent jet lag**) - wherever you are 24 hours a day.

*“I wear my G-Oyster all the time, as I was very Geopathically Stressed as a child and feel unwell if I sit in a Geopathically Stressed place during the day.”*

The G-Oyster can be carried in your pocket or hung inside/outside your trousers or skirt, in the pouch the G-Oyster comes in, from your belt, buttons or on a cord across your body from your shoulder. Put it in your handbag or rucksack; if they are next to you all the time. You can also have it with you in bed.

If your bed is Geopathically Stressed, you would need a RadiTech on a permanent basis.

Take the G-Oyster with you on holiday and business trips, in your car to be more refreshed on your journey. Have it on your desk or by your computer to reduce tiredness and install calm.

If you are very sensitive, you may prefer to have the G-Oyster with you for shorter periods to start with, before wearing it all the time.

- ***Fits neatly into a handbag or pocket - ideal for travel use or when 'on the go'***
- ***May help to relieve and neutralise symptoms of electromagnetic stress***
- ***May help you Sleep better***
- ***May help you to feel more energetic, happier, stronger and feel stress-free***

**Note:** Every six months, put the G-Oyster under running water for about 15 seconds to revitalise it back to its full strength, (the G-Oyster is waterproof).

The G-Oyster is the smaller handbag sized version of our RadiTech E704, E4004 & E9004 Neutraliser.

RadiTech and G-Oyster are manufactured in Europe by Geomack and distributed by Dulwich Health.
